Convector with  
**ERD030**  
Analog control

Radiant panels with  
**ERD400**  
WATTFLEX®  
PLC regulation

Convector with  
**ECOSEO®**  
RF controller

Towel rail with  
**ESS300**  
IR regulation

Design radiator with  
**ERD300**  
Pilot Wire programmer

Electric panel with  
**WATTFLEX®** - 2 in 1  
PLC power manager  
and load controller

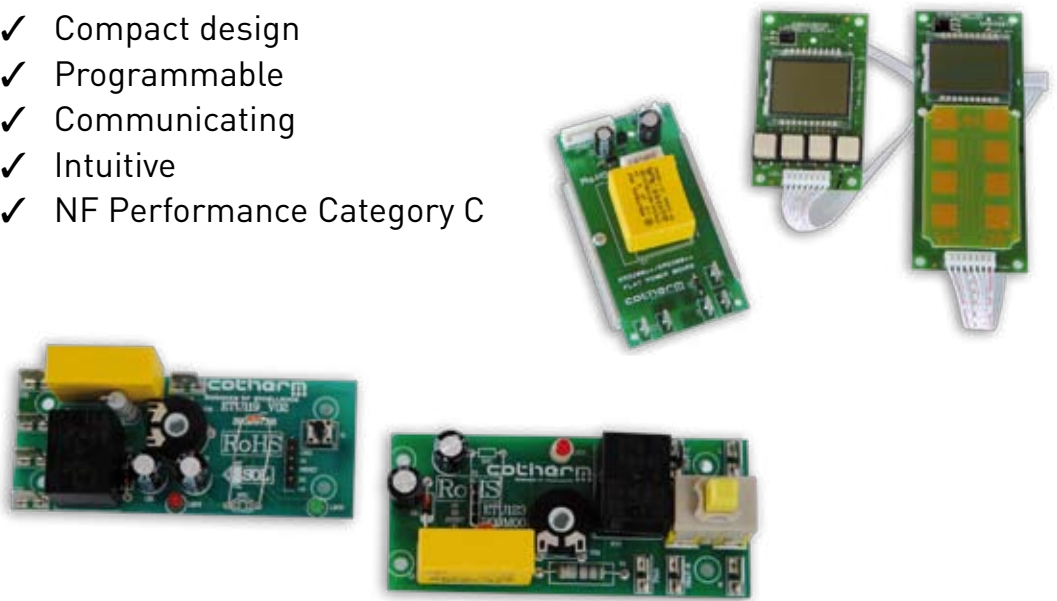

designed for savings  
highest standard of performance  
plug & play

innovative  
open protocol  
custom solutions

## ERD Series: STANDARD INTEGRATED CONTROLLERS

- ✓ Compact design
- ✓ Programmable
- ✓ Communicating
- ✓ Intuitive
- ✓ NF Performance Category C

## WATTFLEX®: INTELLIGENT ENERGY MANAGEMENT

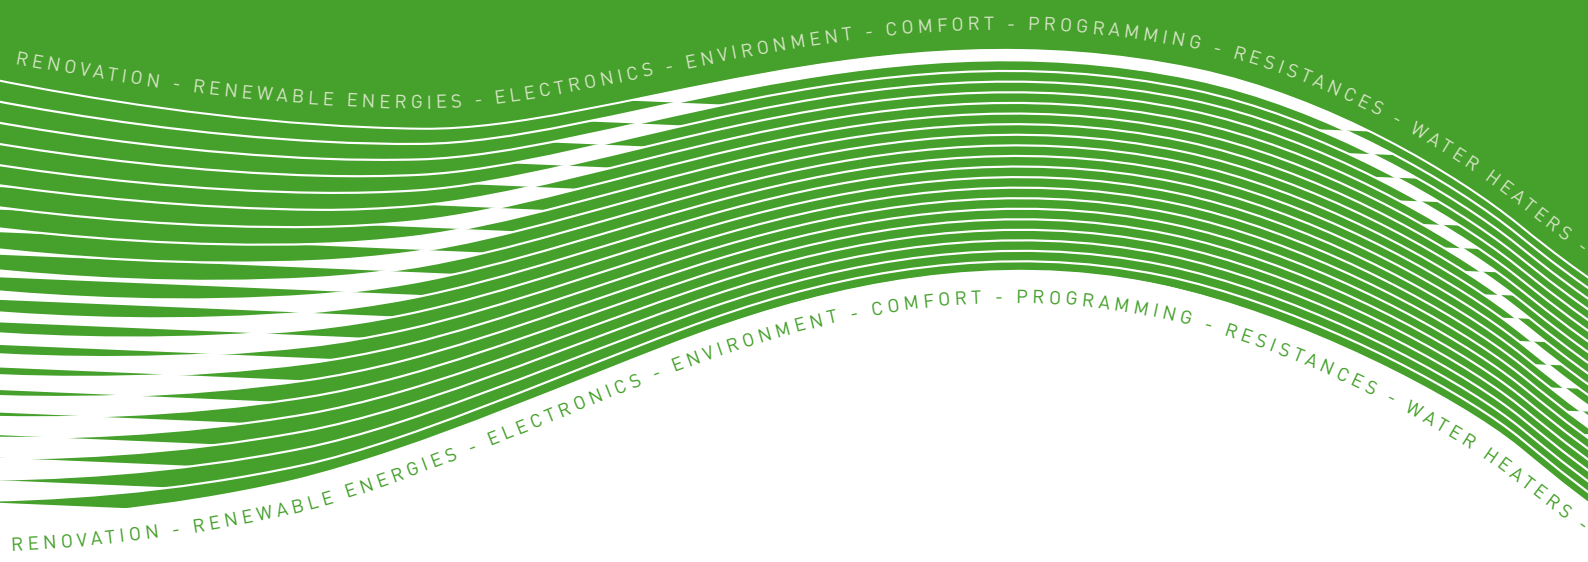

- ✓ Energy savings automation
- ✓ Efficient load control
- ✓ Open interface
- ✓ Comfort
- ✓ Remote access
- ✓ Power Line Carrier (PLC)

## ECOSEO®: ENERGY SAVINGS FOR RETROFIT

- ✓ Easy to install
- ✓ Simple to use
- ✓ Designed for retrofit
- ✓ RF controller
- ✓ Programmable
- ✓ Energy savings

60 years  
of **partnership**

15 years  
in **hybrid technologies**

**200 million**  
products installed

**Economies of scale**
