SUB-CONTRACTED DEVELOPMENT AND MANUFACTURE

• **Between industrial partners there is an understanding**
COTHERM is a leader in the area of thermal regulation. Our ambition is to place this know-how and experience at the service of your growing outsourcing needs: from sub-assemblies to multiple technology hybrid solutions.

• **Associating our talents...**
COTHERM reinforces your know-how by sharing our expertise and existing international resources to meet our own needs: electro-mechanical, electronic, mecatronic and plastics injection.

• **... to meet your objectives**
Sub-contracting: from the birth of an idea to the production and successful sale of a product, COTHERM works with you to optimize solutions which are made in quality, reliable, and cost effective.
